strength in sickly children, mothers will find Milks Emulsion the thing they have always sought. Most children like to take it, because, unlike many emulsions and tonics, it really tastes good.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natura' bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of fiesh and strength Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is caten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee: Take six bottles home with you, use it according to directions.
